THE MATERIAL KING FOR YOUR CASTLE.

EDCO Metal Roofing protects your most valued asset – your home and/or business. Our award-winning roofing offers an equal measure of exceptional beauty and long-lasting durability. It is engineered to withstand the most extreme weather conditions – hail, wind, snow, ice, sun and heat – while maintaining its original look for years to come. With this unmatched protection comes something even greater: unmatched peace of mind that comes with knowing you have the best roofing material to protect against nature's worst.

Why you should install a steel roof from EDCO:

- Unmatched lifetime non-prorated warranty that covers material and labor costs if the product should fail
- UL Class 4 impact rating (highest impact rating available)
- Cool-roof technology that reflects sunlight and absorbs less heat than typical roofing material
- Sustainability of our metal roofing - 100% recyclable
- Class A fire rating achieved with approved system
- A look that will be the envy of your neighborhood
