THE BEAUTY OF WOOD THE STRENGTH OF STEEL

Featuring EDCO's exclusive **RealGrain™** finish, Perspectives delivers the most authentic woodgrain on the market – all the beauty without the premium cost and ongoing maintenance of traditional wood products.

Deep Ocean Siding, Washed Maple Accent and Soffit

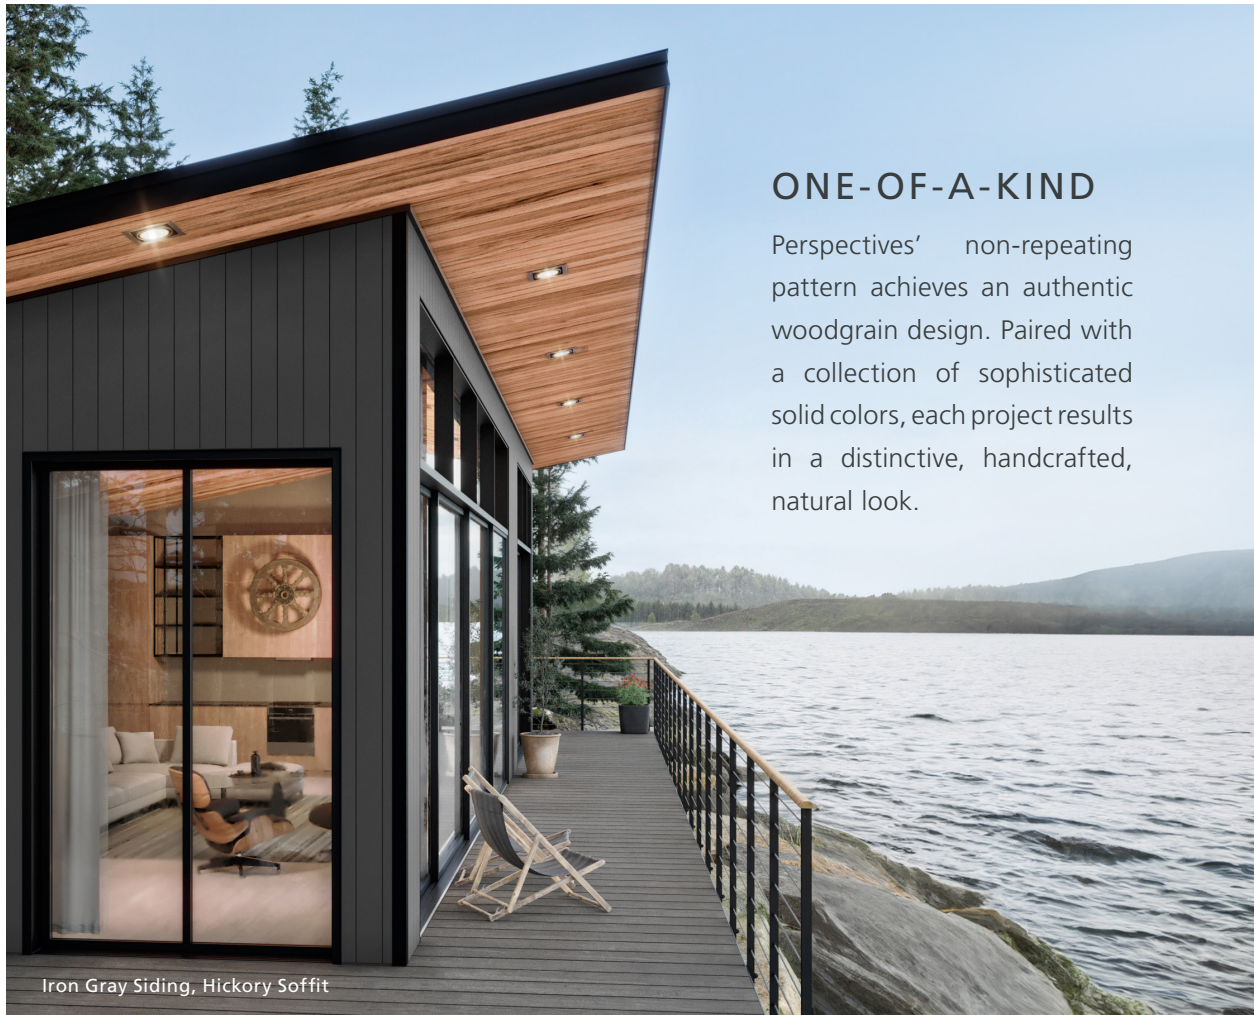

TIMELESS BEAUTY, LASTING PEACE OF MIND

Crafted from 26-gauge, non-combustible steel, Perspectives is designed to withstand even the most extreme weather conditions – fire, wind, and impact. Backed by a limited lifetime warranty, it's engineered with integrated features and color-coating technology that will preserve both structure and style for decades.

ECO-CONSCIOUS DESIGN

Sustainability is built into every Perspectives plank, made from 100% recyclable steel with up to 80% recycled content. Proudly sourced in America, EDCO combines environmental responsibility with uncompromising quality.

ONE-OF-A-KIND

Perspectives' non-repeating pattern achieves an authentic woodgrain design. Paired with a collection of sophisticated solid colors, each project results in a distinctive, handcrafted, natural look.

Concealed ventilated soffit

SUPERIOR PROTECTION, ONE PRODUCT

Providing all-weather protection, Perspectives' integrated, concealed ventilation achieves rainscreen assembly without additional products when used in a siding application. It's also ideal for concealed ventilation soffit application.

INNOVATION BEYOND BEAUTY

EDCO's **SmoothSeam™** finish, a virtually seamless overlap between pieces, ensures a clean, modern aesthetic.

EFFICIENCY MEETS ELEGANCE

Perspectives simplifies the installation process with **VersaLok™**, a multi-position, top-down engagement lock, which supports custom designs to choose – or combine – slight- and flush-gap widths between planks.
